Dear Potential Sponsor,

Greetings from the West Covina High School Band Parents Association and the West Covina High School Instrumental Music Program. This information packet will acquaint you with the various aspects of our instrumental music program and our organization. We will explain our purpose and objectives to help accomplish the goals and hopes of our children through the development of their talents and skills in the fine arts field.

The West Covina High School Band Parents Association is a California Non-Profit Corporation whose purpose is educational. We support the Instrumental Music Program in a manner that is satisfactory to the Office of the Secretary of State of California, the West Covina Unified School District, School Administration and to the Band Director of the West Covina High School Bulldog Band and Colorguard.

The Association's main objective is to enrich the lives of young people and to further their musical interest through the Instrumental Music Department of West Covina High School. We strive to foster a relationship between the community and the instrumental music program and its groups to aid us in extending to every child that is interested in instrumental music or the department's programs, groups and functions the opportunity to participate. We accomplish this by funding items, services, instruction and travel for the WCHS Bulldog Band and Colorguard that exceeds the resources of the West Covina Unified School District.

The WCHS Bulldog Band and Colorguard hopes to grow in size and stature by being able to offer the opportunity to those who do not have the means available to them to participate. The Band and Colorguard has met the high standards of competition throughout the local competition circuits and wishes to represent its community by competing state wide, regionally and some day nationally.

Please take the time to continue to read and understand our goals, hopes and dreams. In the following pages, we will explain more about our program and the ways you can be a Proud Sponsor of "The West Covina High School Bulldog Band and Colorguard".

Sincerely,

*Ben Ortega
President

Our Program needs your help to represent our School and Community!

We would like to thank you again for your interest in our program and its goals to continue the education and interest in the instrumental music program by our students. Our program needs your support either financially or through services and materials that you may provide. But first a little background.

West Covina High School is the only High School in the West Covina Unified School District. Our High School receives students from the districts two middle schools and out of district transfers. We support a student body of 2,600 students each year. We receive an average of 716 students from the middle schools. Each middle school has their own instrumental music programs that range from 150 to 238 students. Out of approximately 120 students that promote from these middle school programs only a small percentage of these students continue their fine arts education at the high school level.

This is due to the unavailability of school instruments, uniforms, transportation and materials needed to support any increase in the numbers of students already participating. The cost of instructor's salaries, tournament entry fees, transportation, uniforms and equipment maintenance are the bulk of our expenses and are now being provided by student competition fees, parent support, fundraising events and community / corporate sponsorships. These expenses are beyond that which is provided by the State of California and the West Covina Unified School District.

Funds for the instrumental music programs throughout the West Covina Unified School District are distributed on a per-student basis. As indicated by the number of students in the music programs, the middle schools receive substantially more district funding.

This is where you and the generosity of your group, organization or business come into action. We will now outline for you the different levels of sponsorship that you may participate in. Remember that your donation is tax-deductible and you will be supporting our youth in their pursuit to enrich themselves and their community. The following information is provided so you may contact us regarding any questions about our organization or program.
